-------------	----------------	------------------

## Notice:

“Construction of upgrades and improvements to the City of Perry, Well No.3 financed by the Drinking Water State Revolving Fund (DWSRF). The DWSRF program is administered by Florida Department of Environmental Protection with joint funding from the U.S. Environmental Protection Agency and State of Florida. This project will provide an improvement to the water quality in the water distribution system along with greater operator control for community members in City of Perry. DWSRF programs operate around the country to provide states and communities the resources necessary to maintain and improve the infrastructure that protects our valuable water resources nationwide.”
